Membership News

New Members

The Boston Chapter is happy to welcome the following new members to the Chapter:

Christopher Lezak, PE
Ayad Botros, PE
John Romano
Jenna Surette
Wendy Skvorak
George Olson

Liebert Engineering
Smith & Andersen Consulting
F. W. Webb
CDM
Hananford Brothers Corp.
E. M. Duggan

Unemployed or Retired?

With today's economy being what it is, the Boston Chapter Board of Directors would like to help out our unemployed and retired members. At this September technical meeting, if you are unemployed or retired, we welcome you to attend at no charge. When you make your reservation, please let us know if you are either retired or unemployed, and we will waive the meeting charge. Come to the meeting and connect with your friends, do a little networking, and enjoy the night.

Membership Dues Compassion Waiver

As I have reported in the past, Society is offering a membership dues compassion waiver for our newly unemployed members. In a nutshell, The unemployed members may maintain their membership over a three month period. After the three month period, the unemployed member can renew their membership at a discounted price. It is important to note that if you want to take advantage of the waiver, you must let me know. I will contact Stacey Kidd at Society and take care of setting it up for you. I have recently learned that if you/we do not notify ASPE Society before your annual membership expires, you will not be eligible for the waiver.

Enjoy the rest of your summer. See you in September.

Technical Report

The May technical meeting was presented by Boston Chapter Past President Bill Brady, PE. Bill and his associate Ian Curran both of Vanderweil Engineers took hours out of their already busy schedule and put together a high level presentation for the chapter. The presentation included images of flow diagrams, details, calculation sheets and images of the completed pools and fountains. We thank Bill and Ian for their efforts and dedication to the chapter and to the advancement of plumbing engineering.

This presentation was crescendo of Bill's. Bill has over thirty years of experience as a plumbing drafter, designer and engineer. He has shown how with perseverance you can develop and hone skills to become one of the best in the field. I certainly hope others will be inspired by the talented individuals we have within our own chapter.

It is summer and we are working on the Technical agenda for the coming 2010-2011 sessions. If there is something in particular you would prefer to see at the technical meeting please contact me or any board member of the Boston Chapter. Understand that we are a grass roots organization and our success ultimately depends on your input.

I certainly hope your summer is relaxing and I will look forward to seeing this fall.

Newsletter Advertising

We will soon be accepting advertisements for the 2010-2011 advertising year.

WE OFFER BUSINESS CARD SIZE ADVERTISEMENT

The exact size is 3½" Wide X 2" High.

The cost for the advertisement is \$650/yr.

Ads will not be pro-rated.

We only need new electronic files on new or changing ads. If this is an exact repeat of last years ad do not send a new file.

Acceptable file extensions formats are:

"doc" or "pub" or "jpg".

Please do not have artwork scanned,

as it compromises the quality of your ad.

There will be an additional \$75.00 set up fee each time there is an ad change during the year.

ADS are to be the size of a business card –

but do not need to be just a business card

they may or may not include

a persons name and can include line information,

as long as the size and orientation is,

as stated, 3 ½" wide X 2" high.

For an Ad Request Form & Payment information

contact Dawn Pokorny at 508-520-0133

or dawnp@jhpokorny.net

Legislative Report

Indirect waste and Kitchen consultants.

Don't blindly pipe up your kitchen design based on the kitchen consultants design. My experience leads me to believe most of the time Kitchen consultants indicate indirect waste from fixtures that are not allowed to be indirectly wasted by MA plumbing code and most other codes.

Kitchen equipment, like ice machines, coffee makers, soda fountain, steamers, kettles and similar equipment shall be indirect wasted to properly trapped and vented floor sink(s).

Condensate from refrigeration equipment to refrigerators and freezers shall be indirect wasted also. Coordinate with the local sewer authority. They may require clear waste be discharge to the storm system.

Food prep single compartment culinary sink with the sole purpose of food production preparation is the only sink that shall be indirectly wasted. In MA this sink shall be labeled with a laminated sign with 2 inch letters that reads: "This Compartment ONLY Is Designated For Produce Preparation."

I have never seen this sign. Have you?

The production preparation compartment shall be approved by the local board of health or other local designated health official.

Hard pipe waste from all sinks including hand sinks, dishwashing, pot washing, scullery sinks, dishwashing machines and garbage disposers.

Anyone reading this articles having any comments or ideas for future articles please email us. We will do our best to address all emails.

Thank you for reading,
Laurence D. Johnston, CPD,
