President's Report

I hope that you great summer and are enjoying what is left of it. I am pleased to report that the Chapter's Board has been busy working on the upcoming season's programs. These programs include the technical topics for our monthly meetings, the Plumbing 101 Lectures and of course the golf Tournament. I expand one each of these below.

each one

The Technical Topic committee met back in June and went thru numerous subjects for the upcoming Technical Meetings. We discussed the merits of particular topics and the value it they will have for our membership. The next step in the process once we had decided on the topics was to identify speakers. This last task is being handled by our Vice President Technical Kevin Lally.

The Plumbing 101 Lectures are also set. The purpose of these lectures is to expose our younger members to subjects that are at the core plumbing systems. These lectures are being held prior to the monthly meetings. They are generally lasting about an hour. Attendees of the Plumbing 101 Lecture Series can attend the Chapter dinner meeting for free. This is restricted to designers or drafters from MEP firms and contracting companies. Please encourage the younger people in your firms to take advantage of this benefit.

The 21st Annual Golf Tournament will be held on Friday September 21st, 2012 at the Wayland Country Club. The proceeds from the tournament will go to our Education Fund. Last year's the Chapter was able to use the funds to underwrite the Wentworth Student Chapter. The secondary purpose of the tournament is an opportunity to socialize and network with industry peers. Please visit the chapter's website to download the Golf and Hole Sponsor Forms.

The Board of Directors is looking for new members. We will be having our Chapter Officers Elections next May and we would like to see some new faces. We really would love to see more people from the engineering side step up. Please consider running or even assisting a chapter officer. The experience has been very fulfilling for me. It truly is a great opportunity to develop and foster many skills. If you are interested but don't feel you try to shadow a current officer. You may be surprised at how well you may do. Please consider.

In closing it is with regret that I have to mention that two long term members of our community have died.

Past President Mike Fournier died of a heart attack on July 11 while camping with his wife in Maine. Mike was 61 years old. He was a principle at Flak & Kurtz. Previous to that he worked at RG Vanderweil and RW Sullivan. He was chapter President from 1984-1985. Peter Janikies passed on July 17. He was 86 years old, and was the owner/operator of Specification Sales Inc. He a member of the Boston Chapter of ASPEN. He was a US Veteran, served in the US Marine Corp during the Korea. He was from West Yarmouth, MA. Please keep Mike and Peter's families in thoughts and prayers. Best wishes and I certainly hope to see you at one of our upcoming Chapter Meetings.

i would change this back to the other font above.

Sincerely, Rich Dean, CPD, President, Boston Chapter ASPE

Boston Plumbing Engineers on the Move:

Just a friendly reminder to notify me of any changes of employment, mailing address or email addresses. If your office is moving to a brand new location in a completely different city I'll need to know that as well.

Recently I have seen a large up tick in changes of employment, and as far as I know I have been able to update our chapter mailing list accordingly. I don't know if there are others changes that I am not aware of. If you don't notify me I can't change our mailing list or Society's.
