**ARUP**  
We shape a better world

### Plumbing Engineering Opportunities [www.arup.com/careers/](http://www.arup.com/careers/)

At Arup, our innovative spirit compels us to express our ingenuity in unique ways —developing many of the world's most innovative and sustainable buildings, transport and civil engineering projects. Arup is a global engineering and consulting firm of 11,000 creative minds. Our integrated approach to engineering and design brings together the best professionals to meet our clients' needs.

We are currently seeking Plumbing Engineers at various levels to join our Boston office. The ideal candidates will have superior design and analysis skills, to plan and design systems for buildings, including high rises, laboratories, educational facilities and other commercial architecture. PEs with Revit knowledge are preferred.

For more information please contact Kelley Simpson at [kelly.simpson@arup.com](mailto:kelly.simpson@arup.com) or 310.578.454

# Technical Report

September 9<sup>th</sup> starts off our new season. I hope everyone is having a great summer. I know I have been very busy and haven't had much time to enjoy it. We have a lineup of topics through December. If you have any suggestions on topics please don't hesitate to contact me. We are always looking for new and interesting topics, and appreciate all your suggestions.

### The following is what we have been working over the summer:

- September 9<sup>th</sup> Acid neutralization systems
- October 14<sup>th</sup> Will be a lunch time brewery tour at the Harpoon Brewery (thanks to John Callahan)
- November 11<sup>th</sup> Will be Mass Plumbing Board
- December 9<sup>th</sup> Will be a grooved pipe presentation and our joint meeting with ASHRAE

I hope some of the topics interest you and will feel compelled to come to our monthly meeting. Further detail and topic descriptions will be in future regular monthly newsletters.

The 2014 ASPE Convention & Exposition is in Chicago this year. Starting September 20 through the 24<sup>th</sup>. If you need CEU's there will be a lot of technical sessions you could take advantage of and other activities so check it out.

## Help Us Get Our Ex-Members Back:

The following names are those people who, for one reason or another are no longer ASPE members. Honestly, when Jill Moretti compiled the list of people within the last ten years or so that are no longer ASPE members, I was really surprised how extensive a list it was. Truth be told, it is sad that we have lost this many members in such a small time frame.

We would like to have all these people re-join the chapter. Please peruse the list and look at how many names you recognize. Because they are not receiving this newsletter anymore, they won't see their names unless you show them. If you work with any of these individuals, please ask them to rejoin ASPE. If you know their email address, please send them a quick note. We are including a membership application in this newsletter. Please hand it to someone on this list and ask them to rejoin. Feel free to sign your name as their sponsor at the bottom of the application. I could use your help.

## Legislative Report

It was great seeing and reconnecting with so many of you last month at the summer social at the Boston Winery. It is hard to believe that July is almost over, summer is flying by and I am eagerly looking forward to see you all in September.

In regards to legislative news, the plumbing board website has posted a notice for two public hearings pertaining to the proposed amendments to 248 CMR 4.00 (Massachusetts Fuel Gas Code), 248 CMR 5.00 (NFPA 54 Amendments), 248 CMR 7.00 (Large Gas Utilization Equipment) and 8.00 (NFPA 58 Amendments), collectively known as the Massachusetts State Fuel Gas Code. Interested parties are giving the opportunity to present oral testimony at the hearings or to write-in comments to the Plumbing Board. In summary, Massachusetts is in the process of adopting the 2012 edition of NFPA 54 and the 2011 edition of NFPA 58; the current editions being the NFPA-2002 and NFPA 58-2001 editions. A copy of the notice and proposed amendments can be found at the Boards website at the following location. <http://www.mass.gov/ocabr/docs/dpl/boards/pl/notice-public-hearing-pl-gasfitting-regs.pdf>. The accepted amendments will be reviewed in an upcoming legislative report.

As always, I would like to encourage all members to feel free contact me either by phone or email regarding the article or any other legislative matters.

**LEAD-FREE. WORRY-FREE. HASSLE-FREE.**  
**4 YEARS EARLY.**

With new national lead-free legislation, there's been a lot of talk about making the switch. Here's the truth: T&S was the first fixture, faucet and fitting manufacturer to convert its entire line to lead-free alloys back in 2010.

So when you purchase a T&S faucet, the peace of mind that comes with lead-free compliance is built right in. No worries. No hassle.
